Residential Bed Bug Treatment Prep Sheet

- REMOVE** ALL clutter on floors, especially around baseboards including toys, clothing and electronics.
- EMPTY** closets of all clothing, shoes and objects.
- WASH** all clothing, towels, sheets and all bedding in **HOT** water and place inside clean, plastic storage bins or plastic bags. Store these items in the living room until **AFTER** all treatments are finished.
- EMPTY** linen closets as well and wash in hot water too.
- PURCHASE** “ ALLERGY RATED PLASTIC OR FABRIC MATTRESS PROTECTORS” rated for **Bed Bugs** - **INSTALL** on mattress and box springs **AFTER** first treatment.
- VACUUM** mattresses, floors, furniture, and inside closets, dresser drawers and bed stands. Remove and throw away vacuum bag outside immediately.
- MOVE** all bedroom furniture at least three feet away from the walls.
- Beds, couches, chairs, etc., will be treated based on the condition of the item and the severity of the infestation. If mattresses and/or box springs or furniture are overly damaged from infestation, treatment will **NOT** be rendered and the item **must** be thrown away. No leather furniture will be treated.
- REMOVE** pets from the apartment or home for at least **4 hours** following treatment.
- COVER** aquariums with plastic and turn off tank pump for at least **4 hours** following treatment.
- CHECK** pet fur for bed bugs, and bathe pet if bed bugs are found.
